# TOWNSHIP OF PISCATAWAY

## REASSESSMENT INFORMATION FOR PISCATAWAY RESIDENTS

### INTERIOR INFORMATION REQUEST OPTIONS

August 27, 2021

Dear Piscataway Property Owner:

A representative from Professional Property Appraisers (PPA) will be conducting exterior inspections in the late Summer/Fall of 2021.

They will also collect information regarding the interior of your home to establish the most accurate valuation of your property. If you are not home when the inspector is in your neighborhood they will leave a card listing contact information to arrange an appointment for an inspection. They are offering two ways to access interior information during the pandemic:

- 1.) Zoom Walk Through – PPA will provide a date and time you can give a virtual tour of your home to one of their Field Inspectors. Please call PPA at 1-866-957-1388 to schedule an appropriate date and time.
- 2.) Physical Inspection – PPA will conduct an on-site inspection of the interior of your home. The inspector will wear a mask and gloves and ask all people at home to also wear a mask, so everyone is protected. Please call PPA at 1-866-957-1388 to schedule an appropriate date and time.

Any property owner who would like information relevant to the data collection and verification program should visit the Township's website: [www.piscatawaynj.org](http://www.piscatawaynj.org) or Professional Property Appraisers website: [www.ppareval.com](http://www.ppareval.com).

Sincerely,

Lisa E. Stephens, CTA, CPM  
Municipal Assessor
