

## Springfield Residents

In light of the COVID-19 threat, Professional Property Appraisers (PPA), the revaluation firm hired by the Township has decided to suspend interior inspections until the situation with this Virus is resolved. The Field Inspectors will continue to perform exterior inspections which means they will only measure exteriors of buildings and not walk through the interior of the home.

Once things return to normal either a second physical attempt will be completed or a letter will be mailed requesting an interior inspection. At this time, they will not be dropping cards but they will be knocking on doors to let you know that they are measuring outside. They will maintain a safe social distance when speaking with you.

Per the Department of Public Works, Garbage and Recycling collection will continue as regularly scheduled.

If you should have any questions please call 973.912.2200. Staff is available to answer phone calls from 8:00 AM to 4:00 PM.

Thanks, and be safe!
